NUESTRA HISTORIA

En el año de 1980 inicia en Puerto Vallarta la empresa Andale acompañada de Don José Peña, que con sus burritos nos ayudó a construirlo, trayendo arena del río y subiendo algunos otros materiales al segundo nivel, ya que sus burritos estaban entrenados para subir escaleras. Se inició con un nivel y tres mesas.

Gracias a los esfuerzos de todos los que han contribuido a su crecimiento, con su apoyo, de una manera u otra, nos permitimos seguir presentes y seguir conociendo gente de todo el mundo, continuando la táctica del abuelo:

OUR HISTORY

In 1980, the Andale company was established in Puerto Vallarta, accompanied by Don José Peña, who helped us build it with his donkeys, bringing sand from the river and carrying other materials to the second level, as his donkeys were trained to climb stairs. It started with one level and three tables.

Thanks to the efforts of everyone who has contributed to its growth with their support, in one way or another, allowing us to continue meeting people from all over the world, following the grandfather's strategy:
